STORIE / GLEEZE

SHAPING

GLEEZE COLLECTION

Hand-craftsmanship and ever-changing materials recall a ceramic tradition in which imperfection and defects are an added benefit.

Clear shade transitions embellished with dripping rust and iron, irregularities typical of the artisan production process. Strong shading, chipping and relief imperfections give the collection an exclusive look to wrap spaces in a newfound naturalness.

STORIE / GLEEZE

Ever-changing tactile appeal

Super-glossy concave and convex surfaces combined with three-dimensional structures alternate on the walls, bringing them to life.

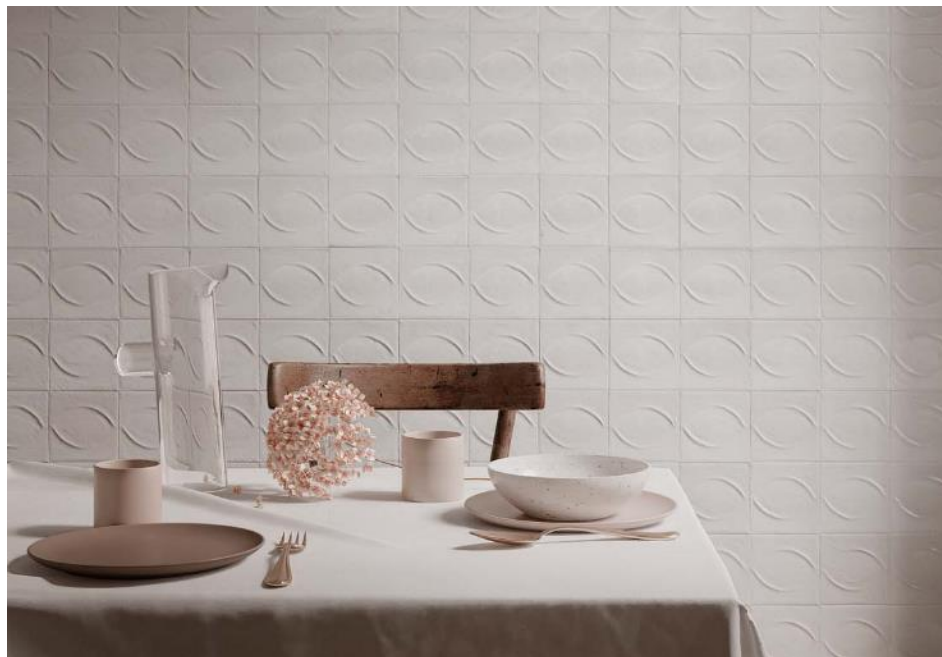

A palette of five colours, Bianco, Beige, Turchese, Giada and Grigio, available in three different sizes – 10x10 cm, 5x15 cm and 7.5x20 cm –, modular and with straight edges, for new installation options.
